

Choosing a coffin or ashes container

Helping you every step of the way

About Our Range

Dignity takes seriously the responsibility of managing global resources and endeavours to source products ethically and with consideration to the environment. As a result, we offer this complementary range of alternative, biodegradable coffins, containers and scatter tubes made from sustainable materials.

Willow Coffin (traditional shape)

Hand-woven from natural willow by skilled weavers using traditional skills. The lid has plaited edge detail, securely fastened by toggles, features natural rope and sea grass handles. This coffin has natural, unbleached calico linings and all fastenings are of natural materials making it 100% biodegradable.
(also available in teardrop shape)

Bamboo Coffin (teardrop shape)

Hand-woven from natural split bamboo by skilled weavers using traditional skills. The curved overlapping lid is securely fastened by toggles, features natural cord and bamboo handles. This coffin has natural, unbleached calico linings and all fastenings are of natural materials making it 100% biodegradable.
(also available in traditional shape)

Cardboard Coffin

The woodgrain effect cardboard coffin provides an alternative to a traditional wooden coffin and is suitable for burial and cremation.
(also available in white)

Disclaimer: Please note that we reserve the right to change the specification of all our coffins, containers and scatter tubes. Child size coffins are also available. For prices, please see our separate price list.

Choosing a coffin or ashes container

Helping you every step of the way

Willow Ashes Container

Hand-woven container made from natural willow by skilled weavers using traditional skills, with a natural unbleached calico drawstring liner. 100% natural and biodegradable, suitable for scattering, interment and as keepsakes.

Bamboo Ashes Container

Hand-woven container made from natural split bamboo by skilled weavers using traditional skills, with a natural unbleached calico drawstring liner. 100% natural and biodegradable, suitable for scattering, interment and as keepsakes.

Scatter Tubes

Scatter tubes are available in a range of designs and are suitable for interment, ashes scattering or as keepsakes. They are made from over 90% recycled materials and are biodegradable.
