CHOOSING A COFFIN, CASKET OR URN

Taking the greatest care
Choosing a coffin is an important part of arranging the funeral, and we are here to help you with your decision. We offer a range of coffins and caskets including picture, willow and bamboo coffins; whether your preference is for something simple or perhaps more ornate.

When you are ready, we are here to help guide and support you in choosing a final resting place for your loved ones ashes. Our selection includes caskets and urns for burial of ashes, containers for scattering ashes, and urns and keepsakes for keeping ashes at home.
There are a wide range of options for coffins and caskets available in a variety of materials including wood, metal and environmentally conscious alternatives, such as a wicker or cardboard coffin.

Our arrangers work closely with local burial and crematoria locations, understanding the regulations and restrictions they impose. They will guide you on the options available to you in line with the service and location you have chosen.

At Dignity, we pay attention to every little detail. Many of our coffins are made in our own facility in East Yorkshire. Whether it’s a coffin we have made ourselves or one we have carefully sourced, each coffin, casket or urn we supply must meet the strict quality control checks we conduct.

We are also environmentally conscious and are invested in reducing the impact of our carbon footprint. Dignity is proud to be FSC® accredited for most of the coffins produced at our manufacturing facilities. Our ethical and responsible manufacturing helps to ensure that forests remain thriving environments for generations to come. Look for the FSC® Certified Products in our Traditional and Picture collection.

Religious and non denominational symbols and accessories are available. Due to the nature of occasional variations in the materials used, colour may vary slightly. We reserve the right to change the specifications of products.

Please ask if you would like an alternative product to those featured. We will always do our best to help.
