

East London Vaults: A Lasting Memory

East London Crematorium & Cemetery

East London Cemetery is a historic and serene resting place located in the eastern part of London. Established in the late 19th century, it serves as the final resting ground for thousands of individuals, reflecting the rich cultural and social history of the area. Known for its peaceful atmosphere and well-maintained grounds, the cemetery features a variety of memorials and monuments, including graves of notable local figures and war heroes. It stands as both a place of remembrance and a green space, offering visitors a quiet environment to reflect on the past and appreciate the heritage of East London.

Our above-ground vaults

Situated within the peaceful grounds of East London Cemetery, our elegant vaults offer a dignified and lasting tribute for loved ones. They are surrounded by space for peaceful moments and reflection, providing a comforting and meaningful place to return to for years to come.

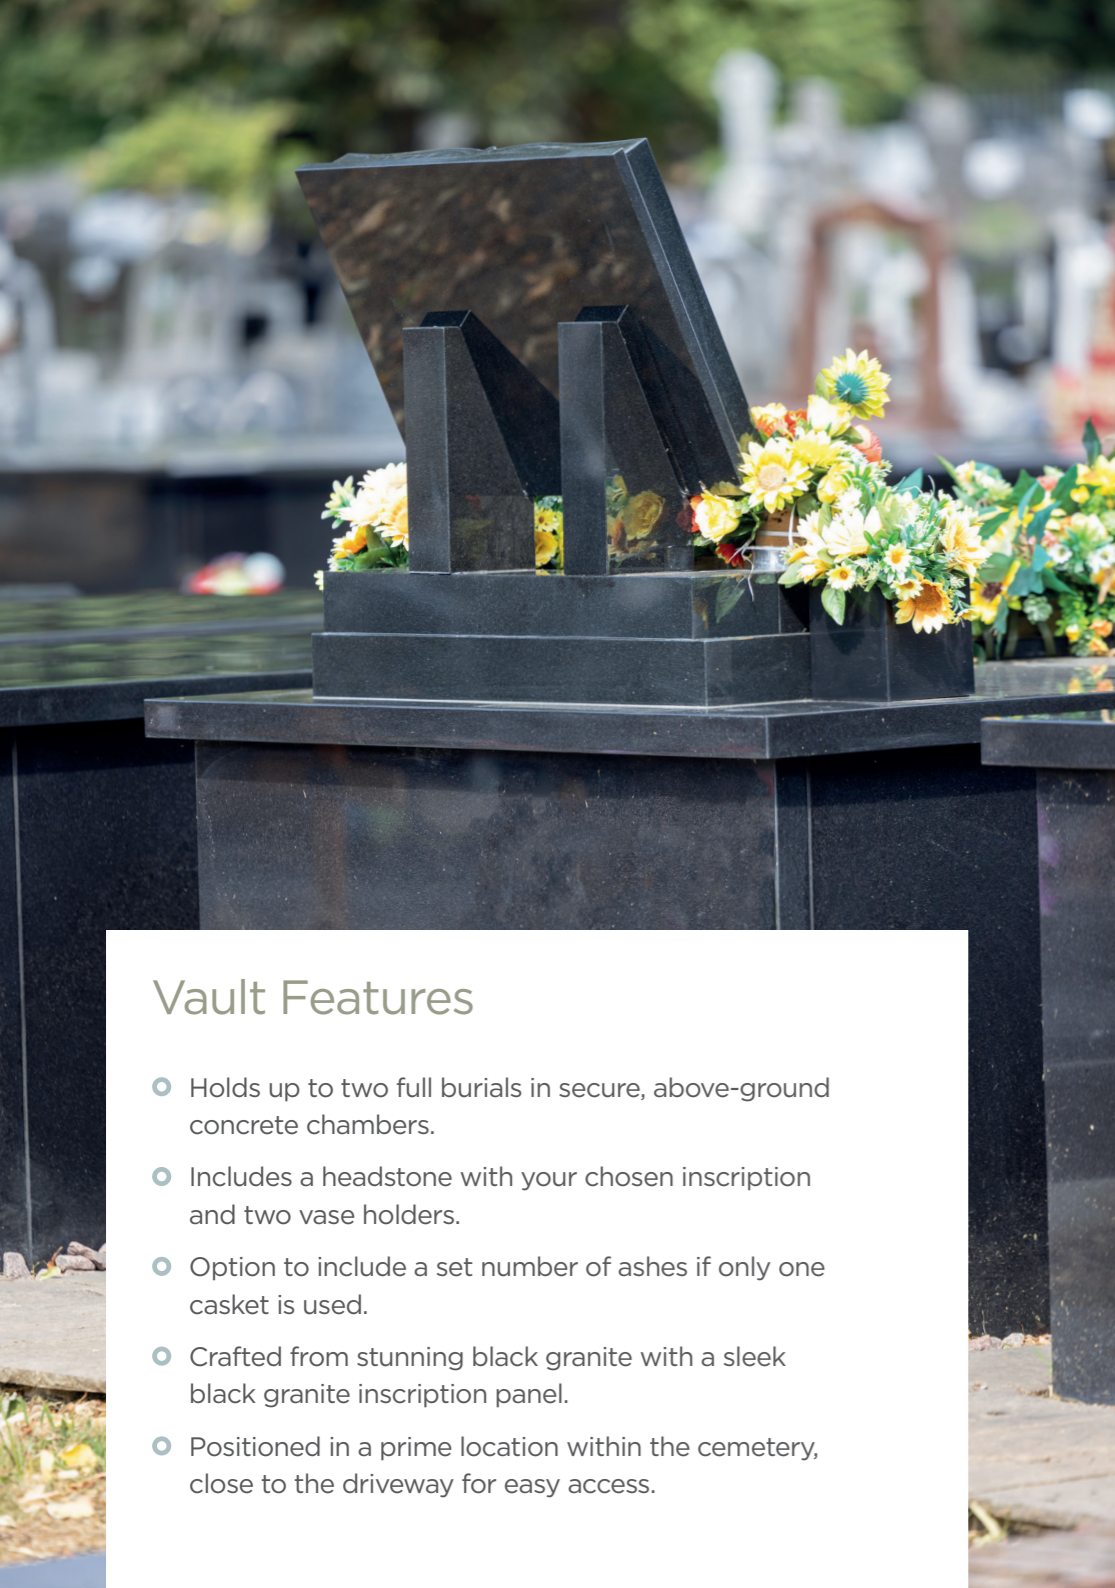

What are vaults?

Vaults are specially constructed spaces that provide a secure resting place for either full burials or ashes. While vaults can be designed for both above-ground and below-ground placement, these vaults are elegantly positioned above ground. The casket is interred within the vault itself, offering enhanced protection from the elements. It also provides an alternative to traditional burial, with long-term security and a peaceful space for remembrance.

Why choose a vault?

There are many reasons to choose a vault, from religious and cultural traditions to the sense of prestige they offer, as well as practical and emotional needs.

- **Dignified & secure** – Protects against natural elements and ground settlement.
- **Elegant & lasting** – Crafted from quality materials for a timeless tribute.
- **Low maintenance** – Reduces upkeep compared to traditional graves.
- **Personalised options** – Custom plaques, inscriptions, and floral tributes available.

Vault Features

- Holds up to two full burials in secure, above-ground concrete chambers.
- Includes a headstone with your chosen inscription and two vase holders.
- Option to include a set number of ashes if only one casket is used.
- Crafted from stunning black granite with a sleek black granite inscription panel.
- Positioned in a prime location within the cemetery, close to the driveway for easy access.

Crafted to endure

Our vaults are constructed from premium black granite, a material renowned for its durability, elegance, and natural brilliance. Formed deep within the earth over millions of years, granite is one of the hardest natural stones available and is resistant to weathering, fading, and erosion.

The polished black granite finish not only gives a smooth, elegant appearance, but also ensures a lasting tribute that maintains its appearance over time. This makes granite the ideal choice for memorials to honour loved ones for generations.

Vault arrangement includes:

- Two personalised inscriptions up to 100 characters each.
- Two elegant 9x12cm cameo photographs in frames.
- Interment fees for two included.
- Peace of mind with a lease for perpetuity, ensuring a lasting tribute.
