An Overview of Coffins & Caskets

As your final place of rest, everyone should have a coffin fitting to their funeral wishes. We have a broad range of coffins and caskets to choose from, in different styles, shapes, and materials, as well as our picture and natural collections.

We will guide you through the suitable coffins based on the arrangements you choose, while making sure it reflects your personality.

You may be surprised to discover there's a lot of choice.

Our range means you can choose a coffin that has meaning to you and your loved one. For example, a coffin made from their favourite wood, or a picture coffin that reflects their hobbies and interests. Adding religious and non-denominational symbols is also a way in which you can make it personal.

Our range includes **solid wood** and **veneered coffins** (an engineered wood covered with a thin layer of either real wood, synthetic material, or a wood effect paper foil) and all our coffins are fully lined in a choice of material from **taffeta** to **luxurious satin**.

Please note: Coffins for unattended funerals.

If you purchase an Unattended Funeral, the coffin included in the package price is our Unattended Funeral Coffin. This is a simple, functional coffin made from plain chipboard, with plastic handles and no interior lining. Alternative coffins, including solid wood or with wood-effect finishes are available at an additional cost, shown in this brochure.

Coffins In Colour

We are able to offer some of our coffins in a selection of colours for an additional charge. Please speak to your Funeral Arranger for pricing details and what specifications you require.

As part of our Coffins In Colour product we are able to give you a traditional-style wooden or veneer coffin in a range of vibrant colours for a memorable farewell - whether that be your favourite colour or even the colour of a preferred sports team.

Please look for this symbol to see which coffins are available with this service and speak with your Funeral Arranger for pricing and for more information.
